Active™

Healthy Energy for the Body
and the Brain.

How do you power your active life?

Whether you recognize it or not, you're always on the move. Almost everything you do requires some kind of movement—from gym time, club sports, and lunch meetings, to grocery shopping, late night cram sessions, and toddler playdates at the park.

**And all that movement takes energy.
A lot of energy.**

From time to time, we all need a little boost to get us through the daily demands of our unique active lifestyles. We might grab an extra coffee or tea later in the morning, or have a (large) diet pop (soft drink) with lunch. In moments of absolute desperation, we might even reach for something stronger—something neon-green and packed with chemical stimulants and artificial sweeteners.

Why should you have to sacrifice your health when you want to power up?

Active features a truly unique, healthy energy formula that powers mind and body to help you do more of what fulfills you. Green Tea and Yerba Maté provide a naturally-occurring source of caffeine for healthy energy and L-Theanine for mental sharpness. Citrulline Malate and S7™, an antioxidant-rich blend of plant extracts like Turmeric, Blueberry, Tart Cherry, Kale and more provide support for better daily performance.

Active's refreshing Peach-Mango Flavour is perfectly balanced with natural sweeteners like Honey Powder, Stevia, Monk Fruit Extract, and Trehalose. And with only 25 calories, it's an energy lift you can feel good about "indulging" in.

Is a plant-based nutrient blend of Green Coffee Bean Extract, Green Tea Extract, Turmeric Extract, Tart Cherry, Blueberry, Broccoli, & Kale. It is a great source of antioxidants to help protect against cell damage caused by free radicals.

Get Active. Stay Active.

Active is the perfect addition to any active lifestyle—and to your favourite Plexus® products.

Active makes a great pairing with Slim or Slim Hunger Control for an added energy boost to your weight maintenance* goals. Active can be used with Slim or Slim Hunger Control throughout the day, or even mixed in the same bottle and sipped together for interesting new flavour combinations.

Active also makes a perfect addition to our other products with energy benefits like MetaBurn and Edge. Each product works in your body in different ways and has a unique set of benefits to fit your lifestyle.

*Along with a healthy lifestyle that includes calorie reduction and physical activity.
