Ingredients: Green tea (*Camellia sinensis*) leaf extract, hypromellose (vegetarian capsule), N-acetyl L-tyrosine, L-theanine, microcrystalline cellulose powder, silicon dioxide

Key Ingredients

- L-theanine — L-theanine is an amino acid most found in green tea
- N-acetyl L-tyrosine — N-acetyl L-tyrosine provides a form of tyrosine, an essential amino acid
- Natural caffeine — The natural caffeine is sourced from green tea (*Camellia sinensis*)
- Microcrystalline cellulose — A fine powder that is used as a bulking agent

FAQ

Who Should Use This Product?

MetaBRN is for adults who want to support a busy, active lifestyle with natural caffeine and amino acids.

What is MetaBRN?

MetaBRN is a convenient food supplement containing a natural source of caffeine from green tea and a unique amino acid blend, designed to support your active lifestyle.

How many servings of MetaBRN can I take per day?

Adults should take one capsule, twice daily.

Can MetaBRN be used by individuals under the age of 18?

MetaBRN is not recommended for use by individuals under 18 because the product was formulated to meet the needs of adults.

Can I take MetaBRN with other products?

Absolutely! MetaBRN is a great addition to any regimen. We highly recommend using it with our SLM HC™, Svelte Whey Essential®, and Té3™. Each product supports your nutritional needs in different ways and has a unique set of benefits to fit your lifestyle.

Can I take MetaBRN while pregnant or breastfeeding?

If pregnant or nursing, please consult your physician prior to using MetaBRN.

Why should I take MetaBRN?

We believe that getting the results you want should be simple and keep you motivated to stay on track. But when life gets hectic, finding the right active routine can be a challenge. MetaBRN gives you the natural caffeine and amino acids you need to be your best self and tackle each day with ease.

What are some features of MetaBRN?

- Provides natural caffeine from green tea
- Contains a unique amino acid blend
- Only 8 calories per serving
