THE HEALTH & HAPPINESS COMPANY

PRODUCT CATALOG - US EDITION

Sharing Health, Happiness, and Strength.

Today. Tomorrow. And in the Future.

At Plexus, our mission has always been to share Health and Happiness with others. Now, after more than 12 years of building toward a legacy company, it is clear to me that we are sharing even more with our families, friends, and communities. We are sharing the things that Health and Happiness bring. We're sharing hope. We're sharing empowerment. We're sharing strength. Always.

As a company, we are strong. As a community, we are even stronger. Together, we stand with a unique ability to weather life's storms and successfully navigate our way through any unforeseen challenges. From our microbiome-balancing gut health products, to our highly-bioavailable multivitamins for children and adults, and more, our products promote stronger bodies and minds. With better health, we can move more, experience more, and do more with our lives.*

As we come through this global challenge of COVID-19, we are going to be here to help support the hope and dreams of our Ambassadors around the world. Your well-being and the well-being of your family is our number one priority. Personally, I'm looking forward to coming out on the other side of this a stronger person and a stronger company. Our hope is to be hand in hand with you when that happens.

With Health and Happiness,

Tarl Robinson — CEO

PRODUCT PHILOSOPHY

Authentic Health.

Inside and Out.

Healthy and Happy are not one-size-fits-all. Our growing product line is centered around the idea that true Health and Happiness comes from a whole-health approach. That's why we always use the best possible ingredients from the best sources to ensure that each Weight Management, Gut Health, Nutrition, Skincare, and Personal Care product we make is as pure as it is potent – guaranteed.

**This guarantee can only be used once per product and excludes certain promotional items. If you have purchased a Plexus product directly from your Ambassador, your Ambassador will issue a refund to you.

Pure.

Our products are independently tested and screened to confirm the absence of harmful levels of contaminants like heavy metals and pesticides. In recent years, we've evolved our product line to include products that are Non-GMO, Gluten Free, Vegetarian, and Vegan. We go to great lengths to ensure that our sourcing and manufacturing facilities follow Good Manufacturing Practices (GMP) and adhere to FDA guidelines. Quality assurance is our priority, every step of the way.

Potent.

From the ingredients we choose to the formulas we develop, everything we do is backed by science. Utilizing the latest scientific research surrounding bioavailability and gut health, Plexus® scientists create products with one end goal in mind: your Health and Happiness. Our claims are supported by clinical studies, and select products have been scientifically demonstrated through human clinical trials and in vitro studies. Product effectiveness is our responsibility, and we take it very seriously.

Guaranteed.

We want you to see the difference for yourself, so we back our products with a 60-Day Money-Back Guarantee. If you're not 100% satisfied with your results, you can request a full refund, less shipping, within 60 days of the purchase date.** When it comes to your Health and Happiness, we don't compromise. You shouldn't either.

GUT HEALTH

You Deserve To Thrive

Weed + Seed + Feed

Your gut microbiome holds the key to improved overall health. Show your gut some love when you Weed, Seed, and Feed your microbial neighbors.*

- ▶ Your gut microbiome is made up of trillions of microorganisms that live in your digestive tract.
- ▶ Some microbial strains help to improve your health, some strains are unwanted.
- ▶ Better health is about finding the right balance. When this delicate balance is thrown off, you feel it.
- ▶ Help bring your gut into balance with products designed to help your microbiome thrive.*

Weed

Make more room for beneficial microbes! **Bio Cleanse™** and **ProBio 5*** go to work to help weed out unwanted microbes and intestinal yeast that take up space from beneficial microbes.*

Seed

ProBio 5 and **VitalBiome™** deliver probiotic strains to your digestive tract, right where they're needed most.*

Feed

Slim Microbiome Activating feeds your beneficial microbes with the prebiotics they need to flourish.*

What is Nourish One®?

Plexus and Plexus Charities joined together to launch Nourish One, an initiative where every serving of Plexus Lean™ you shake up means we'll donate the equivalent of one meal** to Feeding America® – the nation's largest domestic hunger relief organization.

Thanks to the contributions from the Nourish One initiative, Feeding America named Plexus a Leadership Partner. This level of recognition is awarded to partners who contribute \$1 million or more, donations of 10 million pounds or more of food and grocery products, or combined gifts of \$500,000 or more and 5 million pounds or more of food and grocery products.
