Even a Complete Diet isn't Truly Complete

Your body needs nutrients to function at its best. But there is a high chance that your diet is still leaving nutritional gaps, even when you are eating as clean as you can. Why? Soil depletion is a reason. Poor absorption is another. And there are many other outside factors working against you.

You shouldn't have to feel that your health is left vulnerable because the nutrients you need are missing. XFactor Plus helps you thrive by giving you the right vitamins and minerals, in the right amounts, and in the right forms your body can easily use, so you can feel your best and do more of the things you love.*

XFactor Plus[®]

The Ultimate Multivitamin For
Thriving Health You Can Feel.*

Your Daily Serving of **Health**

Your health is the background track of your life, setting the tone for what you can accomplish. That's because health is felt — good health and poor health. When you are thriving, you feel energized, capable, confident, and strong. When you are not, you feel tired and run down.

To thrive from within, you need an accessible way to get the nutrients your body relies on for immune system support, healthy bones, and optimal muscle function. XFactor Plus is a powerful dietary supplement designed to help you stay healthier and feel better with easily absorbable forms of essential nutrients, a high-potency B Vitamin complex, naturally occurring trace minerals, Aloe Vera, and a proprietary Microbiome Activating Complex.*⁰

Delivering Nourishment that Supports Thriving Health
