Plexus TriPlex™

THE SCIENCE-BACKED SYSTEM
FOR DAILY WELLNESS

Your Microbiome

Your body is home to trillions of microorganisms, many of which play an essential role in maintaining whole-body wellness. When you balance your internal environment, you help ensure health and happiness.

TriPlex is a science-backed system that supports the internal environment and helps restore natural rhythms, promoting a comfortable and balanced life.

Here's how:

Take Out

Bio Cleanse helps support a healthy internal environment, maintain natural rhythms, and promote a comfortable, balanced lifestyle.

Sow

VitalBiome™ provides probiotics, including unique psychobiotic strains, that promote a regular rhythm, relaxation, and a sense of comfort.

To Grow

Slim Biome contains prebiotics to increase beneficial bacteria.

Plexus TriPlex System

Do even more for your health
and happiness.

Bio Cleanse

Bio Cleanse is a gentle formula that contains a unique combination of magnesium, hesperidin, and vitamin C that helps you manage those days when you feel irregular.

Vegan | Gluten-Free | Non-GMO | No Artificial Colors

VitalBiome

VitalBiome is a carefully formulated supplement, with clinically studied probiotic strains, designed to support a balanced internal environment and help maintain a stable and positive mood, even, in the midst of a hectic and demanding daily environment.

Vegetarian | Gluten-Free | Non-GMO | No Artificial Colors

Slim Biome

Slim Biome is formulated with a unique prebiotic fiber, Xylooligosaccharides (XOS), to nourish beneficial bacteria and support a light, active, and balanced lifestyle. Clinically studied and featuring a U.S. patented† formula, it's a simple addition to your daily diet that helps you stay in rhythm.

Vegan | Gluten-Free | Non-GMO | No Artificial Colors, Flavors, Sweeteners, or Preservatives

†Patent No. US-11730749-B2

Plexus TriPlex™ System
